**Workshop Notice - Joint Natural Gas Market Workshop of California Public Utilities Commission and California Energy Commission**

December 9, 2003  
9am – 5pm

and

December 10, 2003

Hiram W. Johnson State Office Building  
455 Golden Gate Avenue, Auditorium  
San Francisco

9am – 5pm

The workshop will address California's future natural gas needs and we are seeking speakers from industry, consumer groups, staff of governmental agencies or other interested parties. The workshop is not intended to be a formal proceeding, but will be informative on very important issues to California. The staffs of the CPUC and the CEC have prepared an agenda for the topics to be discussed at this workshop. The agenda can be found on the CPUC and the CEC's websites. The CPUC and CEC staff are currently soliciting speakers to participate on each of the panels and are hoping to have a cross-section of speakers representing various perspectives of the industry, consumer groups, government agencies and other interested parties. If your organization is interested in participating, please send an email to both of the following staff members of the CPUC and CEC by November 14, 2003:

Wendy Maria Phelps  
CPUC Energy Division  
Email: [wmp@cpuc.ca.gov](mailto:wmp@cpuc.ca.gov)  
Telephone: (415) 703-2311

Jairam Gopal  
CEC Natural Gas and Special Projects Office  
E-mail: [jgopal@energy.state.ca.us](mailto:jgopal@energy.state.ca.us)  
Telephone: (916) 654-4880

The workshop will be open to the public. Based upon what we learn at this workshop, the CPUC intends to issue an Order Instituting Rulemaking or an Order Instituting Investigation in early 2004, which would address some of the matters discussed at the workshop and would culminate by the end of the year with a decision affecting natural gas supply and infrastructure issues for California investor-owned energy utilities under the CPUC's jurisdiction. The CEC staff will use this information to update their natural gas outlooks and provide a foundation for future energy policy recommendations to the CEC that can be considered in future updates to the Integrated Energy Policy Report. Both agencies are conducting this effort to help implement the previously adopted Energy Action Plan.
